

CO-CREATING AN EQUITABLE FUTURE

We see adverse outcomes related to racism in every facet of human life ...

... education, employment, human services, criminal justice, and healthcare to name just a few. You know this needs to be changed. You want to help. But how?

Co-Creating an Equitable Future is a virtual workshop series that explores the background and various facets of racism, leads you on a journey of self-reflection and learning, and highlights ways for you to spark meaningful change in our society.

Sessions will be led and facilitated by Erica Merritt (CBB 2008), Equius Group LLC, and Adele DiMarco, Yinovate.

Contact Rachel Ciomcia with questions: rciomcia@clevelandleads.org or (216) 592-2280.
